LONG LIVE UPSILON PSI

Welcome to the Upsilon Psi Forever Database. It has been a long time coming, and our first order of business is to break ground on a frathouse which we will pay for in cash by Fall of 2020. This is not simply a goal. It will happen with or without 100% participation. The database will serve several purposes, with the frathouse simply being the first goal. What side of our history will you be on?
